The screenshot shows the Metamask 'Create Password' interface. At the top, there's a browser tab for 'MetaMask' and a back button. The title 'Create Password' is prominent. Below it, there are two empty text input fields: 'New password (min 8 chars)' and 'Confirm password'. At the bottom, there is an unchecked checkbox labeled 'I have read and agree to the Terms of Use' and a light blue 'Create' button.

Metamask will ask you set a password

This screenshot shows the same 'Create Password' screen, but now the input fields are filled with dots, and the checkbox 'I have read and agree to the Terms of Use' is checked. The 'Create' button is now a solid blue color.

After you have confirmed your password, read the Terms and **Click 'Create'**

How can you keep your wallet secure?

Secure your wallet

Before getting started, watch this short video to learn about your Secret Recovery Phrase and how to keep your wallet safe.

What is a Secret Recovery Phrase?

Your Secret Recovery Phrase is a 12-word phrase that is the “master key” to your wallet and your funds

How do I save my Secret Recovery Phrase?

- Save in a password manager
- Store in a bank vault.
- Store in a safe-deposit box.
- Write down and store in multiple secret places

Should I share my Secret Recovery Phrase?

Never, ever share your Secret Recovery Phrase, not even with MetaMask!

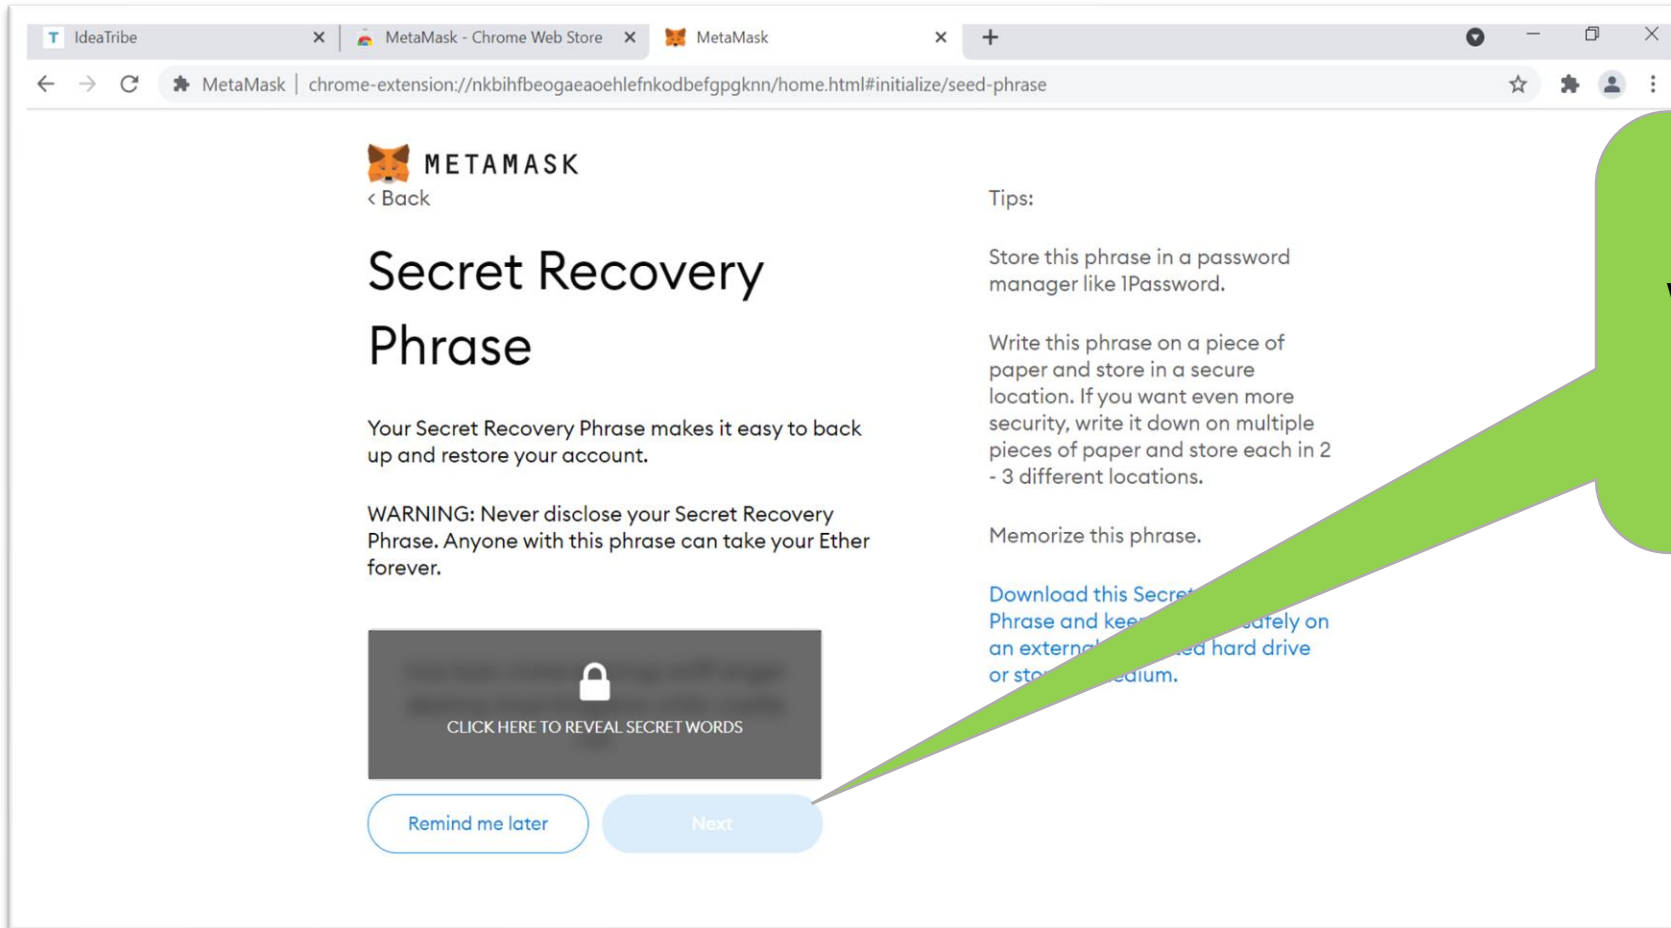

If someone asks for your recovery phrase they are likely trying to scam you and steal your wallet funds
